Project Awarded

Name: The Dude Court Renovation

Award Amount: \$5,000.00

Total Requested: \$5,000.00

Award Fiscal Year: 2023

Abstract: This is a renovation to improve the basketball court nearest to the west to be visually appealing and useful to students.

Overview

The renovation ran into an issue with the court being flooded during the “rainy” season. This was corrected by paving back a curb previously cut for prior renovations on campus, thus allowing water to drain correctly to the appropriate place. That concrete was donated, and this issue was at no cost. This issue put a hold on further court renovations, such as pressure washing and painting.

The two benches were ordered on June 22, 2023, and should arrive in 4-6 weeks.

The outdoor lights have already arrived and are in the queue to be installed by TDI.

The basketball backboards and rims/nets were ordered on July 17, 2023, and should arrive in approximately two weeks.

In the meantime, I plan on getting the court cleaned and painted, basketball poles repainted with rust-proof spray paint, and having the grassy area surrounding the court scraped of any intruding grass and filling of holes/gaps with dirt around the court due to natural shifting and water.

Foundation Inspire Program
Awarded
To The
Campus Closet**

Dear Foundation Board,

Thank you for the Inspire Grant that you award to the Campus Closet. Your generous grant has given the Campus Closet new life.

Pictured below is how the funds were spent.

Two Shoe racks were purchased. \$78.00

Five Rolling Clothes Racks, One hundred fifty hangers, and tabs. \$732.00

Plastic Bins for Toiletries, Socks, Hats, and Gloves.
Ironing Board, Iron, and Steamer. \$305.00

Rolling Donation Bin. \$178.00

Room Divider. \$173.00

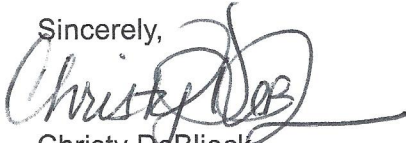

I had requested one thousand dollars, and you generously increased the grant to one thousand five hundred dollars.

The total amount that was spent was one thousand four hundred sixty-six dollars.

Because of your generous grant, we created an inviting, organized space for the students. The Campus Closet has proven to be a place where students feel comfortable. Students that needed opportunity hours helped organize, construct the pieces, and were inspired to donate clothes.

You have made a difference in the lives of WTC students. Thank you!

Sincerely,
